The following report was previously distributed as "CIA Preliminary Dissemination numbered Out 73325"

1. It is reported that truce negotiations are now under way in Peiping between FU Tso-yi and Communist representatives.
2. Communist leaders are putting up a polite and considerate front which FU does not trust.
3. FU will depend heavily on the attitude of the United States. He is willing to talk but hesitates to act, since he feels that it is too late for anything save harsh terms.
4. The military phase of the war is now over in North China, with attention focussing on the composition of a coalition government.
